Greetings camp parents!

Truly Living Well Center for Natural Urban Agriculture is delighted to welcome you to Summer Camp 2017! We are especially excited to have your child join us for **Farm to Fork Around the World** and/or for a fabulous exploration of **Science, Math, and.....**

## Magic in the Garden!

where wizards and  
wizardry reign supreme!

This letter is to let you know what your child will need for their journey with us, along with a few other particulars. Most of this information is outlined in your registration packet.

**Drop off and pick up** location for camp is on Sells Ave, ½ block from our Lawton Street address. This is our side entrance and will lead you directly onto the camp grounds. When dropping off your child, please make contact with an adult counselor and sign in (as well as out). Camp starts at 9 am and ends at 4:30 pm. Please plan to arrive 10 to 15 minutes early so that we can start on time. We do offer **extended care**, as outlined in the registration packet.

**What to bring:** Campers should wear closed toe shoes at all times *with* socks. No flip flops or sandals. Every camper will need a filled water bottle, which will be refilled frequently throughout the day.

Swimming days will take place on Wednesdays. Flip flops are strongly recommended for pool activities, *but should not be worn to camp!* Don't

forget a plastic or water proof bag for wet things.

Remember, we provide a nutritious, plant-based lunch and healthy snacks, a. m. and p.m. daily.

This year's **Kids Farm to Fork** culinary program should prove to be exceptional. Please follow the link to learn more about Chef Lara Holland:

<http://www.centeredtable.com/#!/food-allergy-gal/c21vg>

We do all that we can to provide appealing meals for our campers, but some campers are reluctant to try new foods, even with our two-bite rule! We discourage this, but you are welcome to provide an alternative, healthy lunch if you feel your child will not eat the lunch provided. We ask, however, that you refrain from sending snacks and drinks of any kind as water is the preferred beverage!

**Finally, our closing program takes place on the second Friday of each session, so** please mark your calendars for this special event, as children will present what they have learned and accomplished.

We are always available for questions or any matters of concern, so please feel free to inquire.

Yours, for the best Earth possible,

Amakiasu Howze
